- Whatever happens Grand Trunk need windows and keep the sports and we need more options
- What would the little kids do if they had to use the big lockers
- Windows please

**What concerns do you have about the facilities review?**

**52**

- A coffee vending machine
- Bigger school
- Depends on which option happens
- Having kindergartens and High School students together
- Having not enough space and bus rides
- I don't have any really
- I think that Grand Trunk so be renovated to a k -12 but the little kids should stay separated
- If it was a K-12 we would get distracted ALOT!!!!!!
- If the little kids come here there gonna see the older kids doing bad stuff and they might start doing them
- If the school becomes a k to 12 school, the younger kids could be negatively impacted by the poor decisions made by the older students, also if Wildwood school is shut down, there will not be much of the town left
- If there are fires we need windows
- I'm concerned about no windows being put in. And that if we do become a k-12 school, it may limit the classes that junior and senior high are able to take.
- I'm scared of what the little kids will be like when they come here
- Keeping the little kids on one end of the school if it does turn into a k-12 school and it should be renovated
- Less gym time
- Little kids getting run over by high school kids
- Little kids will be around drugs cigarettes vapes and other things they shouldn't be around until older
- Lots more kids
- My concern is that Grand Trunk is not going to be a safe and a good learning are/place for us students
- Separating K-6 from 7-12 if that option gets approved and is made.
- Some people will be mad for what happened
- That the school would be over filled with kids
- That there will be more students and if some people don't like crowded places they will be scared and not come to school
- That we will have really big classes
- The bus ride for kids that already have a long bus ride to Wildwood school will be even longer
- The concerns I have is the language i have a little sister in grade one and I don't want her to hear some of the things we say and some kids smoke so I'm concerned about that as well
- The Evensview school & Wildwood will join Grand Trunk
- The kids from elementary are too small for the lockers and maybe they might get lost in a big school
- The little kids in the Grand Trunk
- The school may not be big enough for all three school and the school should be made bigger
- The vending machines should have halls or throat lozenges
- Very close together, room
- We need windows so if there's a fire we won't burn
- We need windows!
- When will it happen
- Will there be more then one class for one grade? (2 grade 9 classes, 2 grade 8 classes etc.)

- Will we get a pool at Grand Trunk. Will our classrooms get extended
- Will we students get new and up to date textbooks
