

LOBSTICK ZONE

Evansview School, Evansburg

At Evansview school in the Grade 5/6 room, we have been learning a lot about the use of technology. From using Google in our school to learning what it means to be a digital citizen, we have come a long way. As a group we understand that being a good citizen in person is just as important as being a good citizen online. There are plenty of dangers online, but as a class, we have learned to use our devices appropriately and be safe on the internet. We are a 'Bring Your Own Device' class, and have been practicing responsible usage in class. Students who have devices are allowed to bring them but if they don't have them, they are allowed to use the computers in the school or other resources. Everyone understands what it means to be a responsible digital citizen and demonstrates this daily. It has been a whirlwind of activity in our little school community. We embraced change with our Terry Fox Run, travelling around our playground collecting stamps after each lap, and then tabulating how many kilometers we collectively ran. Terry's spirit and determination was present in all 335 kilometers! We have also had the pleasure of hosting Ian Porteous and his Cultural Wheel presentation, where students learned of their role as compassionate and considerate members of school and global citizens, focusing on integration and acceptance. The day culminated with all students participating in a social dance. Thank you to our parent council for fully supporting this wonderful experience!

We also hosted oral storyteller Kathy Jessup in collaboration with the Evansburg Public Library. Students were eager listeners as she shared her many interactive tales! While we did have to postpone our tour of the brand new fire hall, we were fortunate to have the firefighters visit us at the school, complete with gear, to discuss fire safety during Fire Safety Week. Our kindergarten class also had the pleasure of Fish and Wildlife staff join their learning adventures as part of Evansview's forestry kindergarten group. In November we will be holding our Remembrance Day ceremony on Thursday, November 9th at 11am.

Grand Trunk High School (GTHS), Evansburg

It's amazing how quickly we have arrived at November. The first days of school don't feel that far off, yet here we are just about half way through our first semester. GTHS students and staff are busy with course work, student's union, volleyball games and tournaments, and various other projects and groups. Grand Trunk is participating in the annual 'Take Our Kids to Work Day' in which all Grade 9 students are encouraged to attend work with a parent or guardian to experience the world of work. GTHS strives to prepare all of our students for the world after school by supporting initiatives such as this event as well as by teaching practical mathematics, Career and Life Management, and how students can be active citizens through the instruction of our various high school social studies programs. To celebrate Halloween, the students' union will be offering different activities for all students during the last block of the day on the 31st including movies and various games in different locations around the school. In recognition of Remembrance Day, Grand Trunk High School will be hosting a short program in the theatre hall on Thursday, November 9th at 1pm. Members of the local Legion branch will be in attendance to help honor members of our armed forces.

GTHS Events for November

1	Take Our Kids to Work Day
7	Jr Girls V'ball Game
9	Progress Reports Home/ Remembrance Day Ceremony @ 1pm
10	All Schools Closed
11	Remembrance Day
13-17	Intl. Ed. & Natl. Bullying Awareness Weeks
14	Picture Retakes
17-18	Sr Boys V'ball Zones @ Thorhild/ Sr Girls Zones @ Boyle
20	School Council Meeting @ 5pm
21	GYAC V'ball Tournament

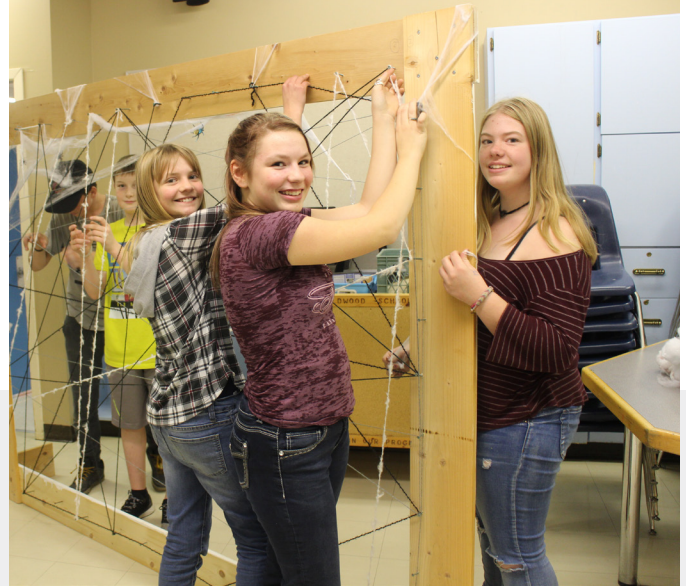

REMEMBRANCE DAY 11.11.17

Niton Central School, Niton Junction

Our Grade 2/3 class is currently learning about Indigenous peoples in social studies. Their high interest in learning about the Indigenous culture has allowed their class to extend their learning into art projects. The art project for October was dream catchers. The students used paper plates, string, beads, feathers and markers to create their work of art. This was a highly engaging, exciting project. Next, they will be looking at designing drums and making bannock.

Recently, the Grade 6 class had to become crime scene investigators, in order to solve the mystery of who took the stuffing out of Mr. Bearamy! Our science lab was transformed into a crime scene, equipped with a variety of stations where the students had to examine fingerprints, sort through clues, and inspect the evidence. We are happy to report that the Grade 6 detectives worked hard to solve this mystery, the criminal mastermind that de-stuffed Mr. Bearamy was caught, and this case was put to rest.

In our latest Response to Intervention (RTI) cycle, junior high teachers brought forth some big changes. During our six week RTI block, they created a school newspaper, extension project for those students not needing RTI assistance. With the help and guidance of their teacher, the junior high students started a bi-weekly newsletter. This project not only helped students improve their writing, it allowed them to focus on current events in our school as well as larger scale events happening in the world. Every couple of weeks, the students turned in their topic ideas to their teacher. From there, they would do the necessary research to write their article. Then they would write the article and together with their peers work on their editing skills. Once approved, they typed up their article and worked together on formatting it nicely into a newspaper. It was a great addition to our school news and allowed our junior high to have a voice.

Wildwood School, Wildwood

The Leadership Club at Wildwood School has become a uniquely exciting platform to prepare students for the world of work. Leadership Club started up very early in September. Wildwood teachers Colleen Callan and Shannon Kolotyluk encouraged as many students as possible to join and they were ecstatic when more than twenty of the Grade 5 to 9's came looking for a chance to make a difference at their school. Watching the students in action is incredible! Managerial directing, task completion and reporting to supervisors is all part of what you see.

Their biggest school-wide activity project to date was planning Halloween. They made an escape room where students had to solve problems to obtain a clue. Each clue earned them a skeleton bone. Complete skeleton equalled freedom from the escape room! A less terrifying room for younger students was created by another team. There were games and face painting. The day finished with a glow sick dance party in the gym.

Leadership Club has appeal to anyone who wants a chance to show their natural talents. These junior CEO's are presenting high level, high employability skills. The kids expressed that they love to be creative, be the boss, plan, decorate, whatever it takes to bring their ideas to life. In smaller work teams, depending on the project, they come up with great ideas, make decisions, set goals, stay focused, get organized and meet deadlines.

Niton Events for November

1	Take Our Kids to Work Day
7&8	Parent/Teacher Interviews
10	All Schools Closed
11	Remembrance Day
13-17	Intl. Ed. & Natl. Bullying Awareness Weeks
24	No School For Kindergarten

Wildwood, cont'd

They are also being pushed to refine workplace skills people avoid like speaking in public, asking for help or volunteering. Recent field trips like the one to Camp Warwa increased bonding, teamwork and cooperation.

Commitment and responsibility and the overall maturity of the students is increasing school wide. Teacher Jonie Gerspacher, ran a hugely successful book fair in October, She relied on the support of two key students to help run it. Volleyball coach Twila Berube threw together a blitz magazines fundraiser to reduce team travel fees and tournament costs and in no time, student total sales numbered in the thousands. Grade 5-6 hot dog and cookie sales on Thursdays and Fridays run like a well-oiled machine thanks to everybody doing their job with confident efficiency. Everyone is expecting to have a really fun and memorable school year!

EDSON & AREA

Fulham School

Fulham School has recently held another successful book fair and we would like to thank everyone who purchased books. We have a busy month ahead, including a Family Night full of games and tasty treats. Members from the Wildwood Legion will participate in our Remembrance Day Ceremony this year, on November 9th at 1:30pm and all Fulham community members are welcome to attend. Our first report cards of the year will go home on the 17th.

Fulham Events for November

- 7 Picture Retakes/Family Night 5:30-7:30pm
- 8 Science in Motion Visit
- 9 Remembrance Day Ceremony @ 1:30pm
- 10 All Schools Closed
- 11 Remembrance Day
- 13-17 Intl. Ed. & Natl. Bullying Awareness Weeks
- 16 Anti-Bullying T-Shirt Presentation
- 17 80's Dress-Up Day/ Report Cards Go Home

École Westhaven School

Westhaven has had many exciting events over the months of September and October. Students and teachers have participated in the anti-bully radio advertisement, had our book fair, posed for school pictures, met our families at parent teacher interviews, and had a wonderful Halloween family dance. The teachers have spent the last two months getting to know the students and we have started to work with the students in small groups, if they need extra help with concepts in math or language arts. Families can also help students achieve their best by encouraging reading every night and helping students to regularly attend school. We are happy to be working with the parents and community to help all students achieve to their greatest potential.

Westhaven Events for November

- 1 Health Presentation
- 2 Circle of Friends Event 9:30-10am
- 3 Picture Retakes
- 6 Feather Assembly/ PAC Meeting @ 7pm
- 9 Remembrance Day Ceremony (wear red, black or white)
- 10 All Schools Closed
- 11 Remembrance Day
- 13-17 Intl. Ed. & Natl. Bullying Awareness Weeks
- 17 Wear Pink in Support of Anti-Bullying
- 22 Bilingual Musical Performance @ 9am
- 24 No Kindergarten

École Pine Grove Middle School (PGMS)

October was a very busy month at Pine Grove with students participating in our magazine fund raising campaign, the annual 'Turkey Trot' and a Grade Six field trip to Huestis Forest. Events at Pine Grove included the fall book fair, 'Meet the Teacher' night and an author visit by Judith Graves.

One other very important activity was a presentation from Yellowhead MP Jim Eglinski followed by a student municipal vote on Friday, October 13th. Actively engaging students in the political process is not only a way to reinforce curriculum, but also an important building block in preparing students for life after school.

Other strategies being used at Pine Grove to prepare students for the world of work include those connected to executive functioning. This year, a daily homeroom period has been established to allow students the chance to organize their schoolwork with guidance from a teacher. Students keep a homework binder, but are also encouraged to use apps on their electronic devices, such as a calendar to keep track of assignment due dates and other school events.

Helping to establish healthy habits for life is another area of focus. In phys. ed., students complete an active living log each month which records physical activities done beyond gym class. Home reading logs in language arts provide a way to encourage students to practice literacy skills for life. The breakfast program not only provides meals twice a week, it also models healthy food choices for students. At Pine Grove, we hope students will build on the foundations laid at middle to school as they grow into independent adults.

PGMS Events for November

- 1 Take Our Kids to Work Day
- 2 Picture Retakes
- 5 Daylight Savings Time Ends - Move Clocks Back
- 8 Hot Lunch - Taco in a Bag \$5
- 10 All Schools Closed
- 11 Remembrance Day
- 13 'Live Different' Presentation 1:45-3pm
PGMS Pink Day
- 13-17 Intl. Ed. & Natl. Bullying Awareness Weeks
- 17 Progress Reports
- 22 Hot Lunch - Meatballs/ Rice \$5
Parent/ Teacher Interviews
- 23 Parent/ Teacher Interviews
- 24 Much Music Dance

Mary Bergeron Elementary (MBE) School

Last month the staff and students at Mary Bergeron thanked and celebrated our construction workers by having a 'Thank a Construction Worker Day' where we presented hand-made cards and goodies to the workers in our building as a way of saying 'thank-you' for all the hard work they put in to building our amazing school. The workers and construction company were so touched by this gesture that they decided to host their own 'Thank a MBE Student Day' – where they provided all of our students with cookies & milk in the morning and then handed out freezies to all of them in the afternoon. Both were great events and very positive school community building events!

MBE, cont'd

Many milestones were accomplished over the past month including the establishment of our first ever school council and the completion and opening of our new gymnasium. It was great to have almost 30 parents out to our school council establishment meeting and even greater to have almost the same number of dedicated parents come out to the second meeting. We have a great group of dedicated and hard-working parents on the council, and are looking forward to all the wonderful things that we can accomplish together for our students and the school community.

The second exciting milestone – and the one that the students were most excited about – was the opening of our gymnasium for Phys Ed classes. Up to this point, we had been having Phys Ed classes outside or in our main foyer on rainy days, and both the students and the Phys Ed teacher were overjoyed when the announcement came down that it was ready for use. With our large Mary Bergeron Logo painted in the middle, the shiny hard wood flooring, and all that space to use... it's definitely an amazing part of our school. We look ahead to the upcoming month we are very excited about the opening of our Learning Commons area of the school. Like the gymnasium, it is a space in our building that we are eagerly awaiting the use of and each week we see the progress of the workers as they work as quickly as they can to have it open for us. Other events that we have to look forward to are the start of our weekly M&M's (Monday Morning Motivation) assemblies, the start of swimming classes, the new Google tech being implemented every day in our classrooms, and the exciting process of selecting our new school mascot. We have been 'working hard' and 'playing hard' at MBE and the results are definitely showing!!!

MBE Events for November

1	Parent/ Teacher Interviews - Gr. 1-5
9	Parent/ Teacher Interviews - Kindergarten
10	All Schools Closed
11	Remembrance Day
13-17	Intl. Ed. & Natl. Bullying Awareness Weeks
17	'It's Not Cool to be Cruel' Assembly
30	School Spirit Day

Parkland Composite High School

Not only have we launched our Pacer Success Centre, we have now developed a Diploma Excellence Course that will run during Flex, 9:55 – 10:30am until the last day of semester one on Wednesday, January 24th. Due to the Diplomax courses being cancelled this semester, Parkland wanted to offer assistance for our students with their diplomas free of charge. Students prepping for their diplomas can start early on a weekly basis. Ask your teachers for more information.

November 1st is 'Take Our Kids To Work Day', where our Grade 9's will have the opportunity to discover a hands-on learning work environment with either a parent, relative, or a local volunteer. Career development can never start too early, so we are hoping that our Grade 9's will discover a passion or an interest in possible future career aspirations.

Tuesday November 14th and Thursday November 16th will play host to Parkland's Flex Project Days, the first set of two for this school year. Students will be able to engage through curricular-based projects, allowing the student to learn in innovative and diversifying ways.

Parkland Events for November

Practices: Check out our calendar for times of practices @ www.parklandcomposite.ca

1	Take Our Kids to Work Day
2	ACES Bake Sale/ 6:30pm Grad Parent & Student Meeting/ Jr V'ball - Jasper
3	Sr & JV V'ball Home Tournament
6	Univ. & College Admission Session @ 7pm
7	Jr V'ball Game @ Grand Trunk
9	ACES Bake Sale/ PAC Meeting @ 7pm
10	All Schools Closed
11	Remembrance Day
13-17	Intl. Ed. & Natl. Bullying Awareness Weeks
14	Flex Project Day 1 & 4
15	Jr V'ball Zones: Girls @ Whitecourt / Boys @ Drayton Valley
16	Flex Project Day 3 & 5
17	Sr V'ball Zones
20	Scholarship Information Night @ 7pm
20-23	Palisades Course in Jasper
21	Jr V'ball GYAC Tournament @ Edson
23	ACES Bake Sale
23-25	V'ball Provincials
30	ACES Bake Sale

École Mountain View School

October was a busy month at École Mountain View! Students in Grade 7 travelled to Ottawa, Quebec City, and Montreal to learn about Canada's rich history and hone their French skills. Our boys' and girls' volleyball teams have been practising hard and it is paying off well with a few wins recently! The progress that players have made in the short season is incredible!

November 1st is 'Take Our Kids to Work Day', and École Mountain View School takes no shortcuts when it comes to preparing young students for the world of work. Through our French Immersion and French as a second language programs, we teach students the value that being bilingual has on potential careers in Canada and worldwide. French is the language of the Olympics, the United Nations, and is one of the few languages spoken all over the world. We are proud to be teaching students a language that will open up so many job opportunities for youth!

Mountain View also prepares students for today's changing job market through our makerspace and CTF options courses. In the makerspace, students are learning the design process through iteration. They are developing problem-solving skills and are also learning to create and edit content through Photoshop and other platforms. These skills are highly in demand by employers today. We just know we have a future Steve Jobs among our talented, technology-savvy youth at EMVS!

HINTON

Crescent Valley School

Harry Collinge High School

GRANDE CACHE

Grande Cache Community High School, (GCCHS) SonRise Christian Program

Over the last month, GCCHS and SonRise have begun to provide a daily breakfast for any students wishing to participate. The program has been very successful with most SonRise students coming early to eat with their friends before school starts. We also have many high school students that drop by to grab some food before going to class. The breakfast program does more than just meet the nutritional needs of students; it also provides a warm and inviting social atmosphere for students first thing in the morning.

During October, GCCHS and SonRise competed in a cross-country meet in Rycroft and the team results were impressive. Aiden Kelly and Chance Basaraba each won their respective race against 40-60 competitors. SonRise also had six top 20 finishes in races that had over 100 runners. SonRise had a perfect fall day for its annual cross-country race in early October, and 22 runners from Grades 3-6 participated in the 3km race that included a section of the toboggan hill.

SonRise held a family sports night in October for parents to participate with their children in various activities from team relays, beach volleyball, basketball shooting, and badminton, that were very popular with all ages. It was a fantastic evening of fun and many families attended and enjoyed socializing with other families from our school.

GCCHS is excited to travel with a group of Grade 10-12 students to Edmonton and Camrose at the end of October to give these students an opportunity to visit university classes and talk to admission offices about their post secondary programs.

In November, GCCHS is organizing a contest for students to name several new areas of the school.

GCCHS will participate on November 1st in the Take Our Kids to Work Day. Students in Grade 9 will spend a day on the job to learn about a field of interest to them. We thank all the local businesses that support this endeavor by accepting our students into their buildings for the day and teaching them skills for the future.

At last year's youth symposium, our high school students expressed a desire to learn more about a variety of careers at school. As a result, we are inviting businesses in our community to participate in a Career Expo and Job Fair on Friday, November 24th.

There will be multiple short 25 minute talks by employers followed by a 5 minute Q & A session as well as a job fair in our beautiful new gathering space. We hope you can join us!

SonRise first term report cards will be issued in mid-November. Interviews can be set up by visiting our website at www.grandecacheschool.ca. On the website, click the parent's icon and use the drop down menu to schedule an appointment with your child's teacher on either November 29th or 30th. GCCHS interviews are November 1st & 2nd and these interviews will be on a drop in basis both nights from 6-8:30pm. Progress reports can be picked up at the interviews. We look forward to talking with you about your child's progress. Parents are welcome to join us for our GCCHS/SonRise Remembrance Day Assembly on November 9th at 10:30am.

GCCHS/SR Events for November

- 1 Take Our Kids to Work Day
- 1-2 Parent/ Teacher Interviews - HS
- 2 Picture Retakes
- 9 Remembrance Day Assembly
- 10 All Schools Closed
- 11 Remembrance Day
- 13-17 Intl. Ed & Natl. Bullying Awareness Weeks
- 14 Mustache & Tie Day
- 23 SR Report Cards Issued
- 24 GCCHS Career Expo & Job Fair
- 29-30 Parent/Teacher Interviews

Sheldon Coates School

There's lots to be excited about here at Sheldon Coates. Our breakfast program is now in full swing thanks to the dedicated parent volunteers who have been coming in before school to help set up. We have a great team of parent helpers but we are always looking for more to help share the load. A reminder to parents that there will be a school council meeting on November 29th at 6:30pm, and all parents and guardians are invited to attend and learn about the amazing things our parents are doing to support our students. In less than a year, our council has helped support a full breakfast program and has also raised over \$30,000 in funding for new play and activity structures.

On November 9th we will be holding our Remembrance Day Assembly in the gym starting at 10:45am. Community members are invited to attend. Special thanks to the Royal Canadian Legion who help support our assemblies and for the Legion members who regularly participate with us. Report Cards go home to families on November 16th and then we will hold our Parent-Teacher Conferences from the 20th to the 23rd of November. The School Book Fair will be held in the evenings of Parent-Teacher Conferences for parents and students.

Summitview School

Currently at Summitview we will be ending October and beginning November with an assembly on avalanche awareness. We have been blessed to live in the mountains where more and more of our students and families are involved with back country exploration. There is a great deal of responsibility to ensure that you are being safe in the mountains. For our students, we want to make sure that we do our part in providing them with as much information as possible to be safe when they are outside of our school. Students will learn about triggers, signs of danger, and proper safety equipment to carry and how to use them. Our students really enjoy when they are given the opportunity to find a hidden beacon in our school!

As a school we take pride in being positive active citizens in the community and within the workforce. Our Grade 4 and 5 teachers have been working with our students on the four 'R's': recycle, reduce, reuse and recover. Our teachers have been discussing with our students how they are never too young to be an active participant in keeping our community beautiful, healthy and growing. Currently our Grade 4 and 5 students are building iMovies to demonstrate what the 4 R's mean and how it can impact our environment.

Our Grade 6, 7 and 8 students are working within their Career and Technology Foundations (CTF) options where a variety of skills, knowledge and technology are being used to better prepare them for the workforce. Currently in term one, we are offering guitar lessons, leadership, arts and culture, athletic programming, outdoor sports, and journalism. Students are able to choose CTF options based on their interest. The options listed have been what's available in term 1 which will extend to December. Students have an active voice in what the teachers offer from semester to semester thus depending on level of demand, some of these options may continue into term 2 or they may change.

JASPER

Jasper Junior/ Senior High School (JJSHS)

JJSHS had a busy October. Over the past month, students have participated in many exciting learning opportunities. Volleyball ran throughout the month with both our high school and junior high teams playing in a number of tournaments. Other notable events included our Halloween dance, a colour spirit day, a science field trip for Grade 8's to Cottonwood Slough, and some grad cookie dough fundraising.

Jasper Elementary School (JES)

Our ethos is generated every day in amazing ways at JES! What a privilege it is to work with such caring staff, students, families, and community members. In October, students and staff participated in many extra-curricular clubs including Basketball Club, Bucket Drumming, Kids Helping Kids, Student Wellness Action Team, and Student Council elections. A big thank you to our GYPSD Supervisor of Technology, Kelly Smith, and her fantastic team for organising a phenomenal Institute day/Google Summit for all GYPSD staff on October 20th.

Dedicated teachers are building the classroom and school community with project-based learning that involves local expertise and takes advantage of our beautiful surroundings. This past month a school-wide excursion to Whistler's Campground was held on October 25th for Take Me Outside Day. Field school excursions to the Jasper Sky Tram, Pyramid Lake (voyageur canoe learning), and Medicine Lake were part of Mrs. MacDonald and Mme Howe's field school activities. The 4th annual pumpkin decorating challenge took place in our school library. As well, Jasper Fire Department staff were welcomed into every classroom to discuss fire safety with teachers and students. Students participated in swimming lessons, the AquaVan 150 exhibit, Dark Sky festival presentations, and Grade 6 students visited the Jasper planetarium. Kindergarten, Grade 1 and 2 classes, were busy making stone soup and cranberry sauce! We have so much to be proud of at JES, and the students and staff fill my heart with gratitude for their passion, commitment to excellence in learning and dedication to our students.

In November, we look forward to our Scholastic Book Fair on November 7th and 8th in the school library. The School Advisory Council will meet on November 8th at 7p.m. A Remembrance Day assembly will be held on November 9th to honour all who have sacrificed to protect us and our country. Reports cards will go home on November 13th followed by parent/teacher interviews from the 14 – 17th. At Jasper Elementary School, we believe that communication between parents and teachers is essential for student success. Conferences are a time for parents and teachers to come together to share accomplishments, give information, problem solve and build relationships that will help students to reach high levels of success. Parent participation is vital. We will aim to have 100 percent participation in parent-teacher conferences at JES.

JJSHS Events for November

- 1 Take Our Kids to Work Day
- 6, 15, 29 Junior High Connect Homeroom Activities
- 9 Report Cards
- Gr. 12 Student Led Remembrance Day Ceremony
- 10 All Schools Closed
- 11 Remembrance Day
- 13 Junior Options Change/Parent Council
- 13-17 Intl. Ed. & Natl. Bullying Awareness Weeks
- 16-17 Parent/ Teacher Interviews
- 22 Photo Retakes

THE LEARNING CONNECTION (TLC)

October has been a busy month at TLC. 'Try-It Tuesdays' for all centres have continued with a sushi workshop in Edson at the Red Brick School hosted by Lara Felsing. On Health Day, which occurred during Citizenship Week, we encouraged students to engage in easy, healthy eating with daily physical activity. Hinton TLC also featured a stained glass workshop with a local artist, Sylvie Rose. Students were involved in the multi-step process of working and connecting the glass into adorable shapes such as sheep, hearts, or felines. The group was able to show off some incredible artistic talents and we hope to bring this opportunity to other TLC centers. All school staff took part in the Google Summit in Jasper where a variety of professional development sessions helped us learn more about the Google platform and ways to embed technology into the classroom. TLC staff look forward to introducing students to the adaptive extensions, apps, and versatility of Google's Education Suite. Several TLC Edson students were invited to take part in a mapping discussion with the Community Engagement Action Team regarding ways to make Edson and Yellowhead County safer for all citizens. We are proud of their commitment to our community.

Upcoming Events:

We have a number of exciting events planned for November for students at all centres, including a Leadership Fundamentals course at the Palisades on November 1st to 3rd. 'Try-It Tuesdays' continue in November with Renay Woelfing, our Indigenous Liaison, teaching us some traditional cooking skills on November 7th and 14th. On November 21st, Launa Tenney of Trendy Twigs will help us create outdoor planters to brighten up the winter landscape followed by a presentation by Careers: The Next Generation, and on the 28th, Lara Felsing will help us create some watercolour cards and teach us how to make quesadillas. TLC Grande Cache students will be working with their tiniest community members when they come together on October 31st to carve pumpkins with pre-schoolers.
