

TRANSPORTATION FEES

Alberta Education provides transportation funding to school jurisdictions who are able to accommodate bus service for children in kindergarten and students in Grade 1 through 6 who live 1.0 km or more to their attending school; and students in Grade 7 through 12 who live 2.0 kms or more to their attending school.

As per the *Education Act* and the *School Transportation Regulation*, Grande Yellowhead Public School Division (GYPSD) collects fees to help address a deficit in operating funds for non-funded bus services. **Unfunded and non-required services are based on the availability of bus seats on existing bus routes.**
