

Fulham School Discussion Summary

The Board has heard from a wide range of stakeholders on both sides of the debate going back to February 2024, including most recently, a meeting on October 10th and a second signed petition on October 11th.

The Board has already begun to look at the benefits and ramifications of different scenarios for Fulham.

The Board's decision must reflect the Board's educational goals, governance priorities, and corporate responsibilities.

No changes will be introduced in the current school year (2024/25).
