**Re: Jasper Park Tennis Club**  
**Community Facility Enhancement Program Grant**

**Dear Ms. Thomas;**

On behalf of the Board of Trustees for Grande Yellowhead Public School Division, please accept this letter of support for the Jasper Park Tennis Club.

We wholeheartedly support the repaving of the existing tennis courts and the creation of pickleball courts where the skateboard park was located. We feel that not only many residents of all ages will benefit but also our visitors. It is a natural progression to improve our outdoor recreation in all areas we can for the health and well being of our mountain community.

We are pleased to provide this support and agree to this letter being attached to the application by the Jasper Park Tennis Club for the Community Facility Enhancement Grant.

Sincerely,

  
Dale Karpluk
